

# WAVETECH Home Microwave Fruit Dryer

## Technical Specifications

Specification	Unit	Description
Drying Technology	—	Microwave Drying
Application	—	Fruits, Vegetables, Herbs
Tray Type	—	Circular trays
Number of Trays	pcs	3
Tray Frame Material	—	Stainless Steel 304
Tray Mesh Material	—	Teflon Mesh
Chamber Material	—	Stainless Steel
Microwave Frequency	GHz	2.45
Microwave Power	W	1kw
Operating Voltage	V	220 vlot AC
Energy Consumption	W	Low 500 w/h
Drying Temperature Range	°C	Adjustable
Control System	—	Manual
Door Type	—	Safety Glass with Microwave Shield
Safety Protection	—	Microwave Leakage Protection
Microwave Leakage	$\text{mW/cm}^2$	$\leq 1$
Machine Dimensions (L × W × H) mm		50 ×35×45
Net Weight	kg	10
Installation Type	—	Countertop / Portable
Mobility	—	Easy to Move
Intended Use	—	Home, Small Workshops, Startups
Manufacturing Standard	—	Food Grade & CE Compliant
